

Monday 13 November 2023		
12:30-19:00	<b>Registration open (Lobby)</b>	
14:00-16:00	<b>Side meeting:</b> <b>Spanish NGO meeting on diagnostics – Ministry of Health</b> <b>Closed meeting</b> <b>Room: Patio 3</b>	
17:00-19:00	OS	<b>OPENING SESSION</b> <b>Session objectives:</b> To provide an overview of the conference objectives, scope and expected outcomes of the conference. Set the scene through policy, technical and community perspectives on European progress toward the Sustainable Development Goals and other global targets, including challenges ahead and priorities for maintaining HIV, viral hepatitis, STIs and TB on the political agenda.
		<b>Moderators:</b> Daniel Simões, HepHIV2023 Conference Co-chair, Coalition Plus/GAT, Portugal  Jürgen Rockstroh, HepHIV2023 Conference Co-chair, HIV Outpatient Clinic, University of Bonn, Germany
17:00-17:10		Welcome the HepHIV 2023 Madrid Conference  Daniel Simões, HepHIV2023 Conference Co-chair, Coalition Plus/GAT, Portugal
17:10-17:25		Welcome to Madrid Opportunities to achieve zero stigma and discrimination in integrated HIV, STIs and Viral Hepatitis responses: the perspective of the Ministry of Health  Julia del Amo, Director of the HIV, STIs, viral hepatitis and tuberculosis Control Division, Ministry of Health, Spain Local conference co-chair.
17:25-17:40		Opportunities to achieve zero stigma and discrimination in integrated HIV, STIs and Viral Hepatitis responses: the clinical perspective  Arkaitz Imaz, MD, PhD, Spanish Society of Infectious Diseases and Clinical Microbiology (SEIMC) and Bellvitge University Hospital, Barcelona, Spain, Local co- chair
17:40-17:55		Opportunities to achieve zero stigma and discrimination in integrated HIV, STIs and Viral Hepatitis responses: the community perspective  Alejandro Bertó Moran, Professor, Coordinator of ADAHARA and founder Seville Check Point
17:55-18:00		The perspective of the Scientific Societies  José Perez Molina, President of Sociedad Española Interdisciplinar del SIDA (SESIDA)
18:00-18:05		The perspective of the Scientific Societies  Arkaitz Imaz, MD, PhD, Board member of Gesida (Study Group on HIV of the Spanish Society of Infectious Diseases and Clinical Microbiology)
18:05-18:20		Keynote from the European Commission  Stefan Schreck, Adviser for Stakeholder Relations, Directorate-General for Health and Food Safety (DG SANTE)
18:20-18:35		Welcome message from the Minister of Health of Spain  José Manuel Miñones, Minister of Health of Spain
18:35-18:50		Setting the scene: What is needed to reach the Sustainable Development Goals in terms of testing and linkage to care?  Andrea Ammon, Director, European Centre for Disease Prevention and Control (ECDC) (by video)

18:50-19:00		Keynote from WHO: Resetting the course towards ending AIDS and eliminating the epidemic of viral hepatitis	Hans Kluge, Regional Director, WHO Regional Office for Europe (by video)
19:15	<b>Reception – Hotel Meliá, Hall Patio</b>		
<b>Tuesday 14 November 2023</b>			
<b>Time (CET)</b>			
7:45-8:30	<b>Side meeting:</b> <i>European Testing Week</i> <b>Open meeting</b> <b>Room: Escudo</b>		
08:30	<b>Registration: Registration counter in lobby</b>		
<b>Time (CET)</b>		<b>Room: Patio</b>	<b>Moderators and speakers</b>
8:45-10:30	PL1	<b>PLENARY SESSION 1: How to overcome stigma and discrimination in accessing testing services for HIV, viral hepatitis, TB and STIs</b> <b>Session objectives:</b> <ul style="list-style-type: none"> <li>• Understand and discuss the evidence of stigma and discrimination as a barrier to testing</li> <li>• Present and overview of research in measuring stigma assessing testing for infectious diseases</li> </ul>	<b>Moderators:</b> <b>Cary James, World Hepatitis Alliance and Elena Vaughan, National University of Ireland</b>
08:45-09:00	PL1/01	Overview of research – Stigma as a barrier for testing (HIV, viral hepatitis, TB and STIs)	Maria José Fuster, Director of the Spanish AIDS Society (SEISIDA)
09:00-09:15	PL1/02	ECDC survey on measuring stigma among people living with HIV in Europe in health care and community settings	Teymur Noori, European Centre for Disease Prevention and Control (ECDC)
09:15-09:30	PL1/03	Lived experience with stigma	Harun Tulunay, Training and Volunteer Coordinator, Positively UK
09:30-09:45	PL1/04	Stigma Index 2.0: People living with HIV stigma index, in Portugal	Ana Duarte, Head of Prevention and Training Department, Ser+ - Portuguese Association for AIDS Challenge and Prevention
09:45-10:30		Discussion	
10:30-11:00	<b>Coffee break and Poster Session – Hall Patio and Comendador</b>		
<b>Time (CET)</b>		<b>Room: Patio</b>	<b>Moderators and speakers</b>
11:00-12:45	PL2	<b>PLENARY SESSION 2: Integrated testing and integrated services – what is the status?</b> <b>Session objectives:</b> <ul style="list-style-type: none"> <li>• Present and overview of when and where to test for HIV and co-infectious</li> <li>• Discuss good practices of integrated testing interventions in different settings</li> </ul>	<b>Moderators:</b> <b>Stela Bivol, WHO Regional Office for Europe and Ann Sullivan, Chelsea and Westminster Hospital</b>

11:00-11:15	PL2/01	Keynote presentation: Ending HIV Transmission in England in a 'post-pandemic' world: What is possible?	Kevin Fenton, Regional Director of Public Health, NHS London. Chief Advisor on HIV to Government
11:15-11:30	PL2/02	Integrating testing for HIV/STI/VH and TB - when and where? - challenges and opportunities	Viatcheslav Grankov, WHO Regional Office for Europe
11:30-11:45	PL2/03	Good practices of integrated POC testing for HCV, HIV other STIs and TB with harm reduction strategies for PUD	Elisa Martró, Institut de Recerca Germans Trias i Pujol (IGTP)
11:45-12:00	PL2/04	Integrated HIV, viral hepatitis and syphilis testing: findings from the Portuguese Community Screening Network	Paula Meireles, Institute of Public Health of the University of Porto (EPIUnit-ISPUP)
12:00-12:45		Discussion	
12:45-13:45	<b>Lunch – Hall Patio</b>		
<b>Time (CET)</b>	<b>Room: Patio</b>		<b>Room: Doblón</b>
<b>13:45-15:30</b>	<b>AS1</b>	<b>PARALLEL ABSTRACT DRIVEN SESSION 1: Improving BBV Testing Strategies in Emergency Departments Moderators: Thomas Seyler, European Monitoring Centre for Drugs and Drug Addiction (EMCDDA) and Jack Lambert, UCD Ireland</b>	<b>AS2</b>
			<b>PARALLEL ABSTRACT DRIVEN SESSION 2: Combination Prevention: Optimizing Implementation of Testing and PrEP Moderators: Ben Collins, ReShape/IHP and Magdalena Ankiersztejn-Bartczak, Foundation for Social Education in Poland</b>
13:45-14:00	AS1/01	<b>Impact of Hepatitis C Virus (HCV) Screening in an Emergency Department: implementation of the FOCUS program in Almería, Spain</b> <u>A Camelo Castillo</u> , University Hospital Torrecárdenas, Spain	AS2/01 <b>Incidence and factors associated with PrEP discontinuation</b> <u>N Garofoli</u> , Bichat-Claude Bernard Hospital, France
14:00-14:15	AS1/02	<b>Integrating Viral Hepatitis Screening into the Emergency Department: evaluating middle-term results and implications for sustaining a screening</b> <u>J Carlos Ruiz Cobo</u> , Vall d'Hebron University Hospital, Spain	AS2/02 <b>Perceived impact of digital health instruments on PrEP uptake in the UK: a discrete choice experiment with 810 gay, bisexual and queer men</b> <u>I Kuchin</u> , Management Center Innsbruck, Austria
14:15-14:30	AS1/03	<b>Opt out Blood Borne Virus (BBV) testing in 33 Emergency Departments (EDs) in areas of high and extremely high HIV prevalence in England</b> <u>R Hill-Tout</u> , NHS England, United Kingdom	AS2/03 <b>A Community-Based Organization's Role in HIV PrEP Referral and Monitoring: An Examination of Practices and Challenges</b> <u>M Rocha</u> , Grupo de Ativistas em Tratamentos (GAT), Portugal
14:30-14:45	AS1/04	<b>Outcomes from Partner Notification in the ED HIV Testing Programme</b> <u>A Cartier</u> , Chelsea and Westminster Hospital NHS Trust, United Kingdom	AS2/04 <b>Chemsex, HIV testing and associated factors in gay, bisexual and other men who have sex with men and transgender people, among European community-based centres</b> <u>M Alarcon Gutierrez</u> , Centre of Epidemiological Studies of HIV/AIDS and STI of Catalonia (CEEISCAT), Health Department, Generalitat de Catalunya, Spain
14:45-15:00	AS1/05	<b>Evaluating opt-out testing for HIV, hepatitis B and hepatitis C at 5 emergency departments in London, UK</b> <u>R Roche</u> , UK Health Security Agency, United Kingdom	AS2/05 <b>Building a HIV combination prevention and testing services checklist to assess their availability, quality and access by key populations</b> <u>A I von Lingen</u> , European AIDS Treatment Group, Belgium
15:00-15:15			AS2/06 <b>STI incidence and PrEP uptake in participants from underserved populations in the HIV Pre-exposure Prophylaxis (PrEP) Impact trial</b>

				D Ogaz, UK Health Security Agency (UKHSA)/Chelsea and Westminster Hospital NHS Trust, United Kingdom
15:00-15:30		Discussion		Discussion
<b>15:30-16:00</b>	<b>Coffee break and Poster Session – Hall Patio</b>			
<b>Time (CET)</b>		<b>Room: Patio</b>	<b>Moderators and speakers</b>	
<b>16:00-17:30</b>	<b>PL3</b>	<b>PLENARY SESSION 3 / SPECIAL SESSION: Migrants and mobile populations – testing and linkage to care</b> <b>Session Objectives:</b> <ul style="list-style-type: none"> <li>Present an overview of the difference in access to testing for different migrant groups (including undocumented migrants)</li> <li>Discuss lessons learned of testing implementation in migrant populations across Europe, including during the Ukrainian crisis</li> </ul>	<b>Moderators:</b> <b>Teymur Noori, European Centre for Disease Prevention and Control (ECDC) and Fiona Burns, UCL Institute for Global Health and Royal Free Hospital</b>	
16:00-16:15	PL3/01	Overview of different testing services for blood born viruses and linkage to care among different migrant population groups across Europe	Denis Onyango, Director of Programmes at Africa Advocacy Foundation	
16:15-16:30	PL3/02	Engaging and linking to care displaced and mobile populations - Challenges and experiences from the Ukrainian crisis	Milosz Parczewski, Professor, Pomeranian Medical University	
16:30-16:45	PL3/03	HIV positive diagnosis among migrants compared to native-born in Europe and Central Asia: COBATEST network, 2021-2022	Megi Gogishvili, Coordinator of COBATEST, Centre of Epidemiological Studies of HIV/AIDS and STI of Catalonia (CEEISCAT)	
16:45-17:30		Panel Discussion <ul style="list-style-type: none"> <li>How to overcome the lack of access to care for undocumented migrants</li> <li>Key lessons learned from different populations across Europe</li> <li>Needs for the future</li> </ul>	Denis Onyango, Director of Programmes at Africa Advocacy Foundation Deniz Gökengin, Professor, Director of Ege University HIV/AIDS Practice and Research Center Jose A. Perez Molina, SEISIDA Megi Gogishvili, Coordinator of COBATEST, Centre of Epidemiological Studies of HIV/AIDS and STI of Catalonia (CEEISCAT) Milosz Parczewski, Professor, Pomeranian Medical University Valeriia Rachynska, 100% Life	
<b>17:30-18:30</b>		<b>Side meeting:</b> <b>BBV Testing in Emergency Departments Workshop</b> <b>Opt out BBV testing in 33 Emergency Departments in England in the areas of highest HIV prevalence</b> <b>Open meeting</b> <b>Room: Patio 3</b>		

18:00-20:00		<b>Side meeting:</b> <b>FOCUS Program Gilead Spain and Portugal</b> Closed meeting Room: Escudo		
<b>Wednesday 15 November 2023</b>				
Time (CET)		Room: Escudo		
7:30-8:15		<b>Side meeting:</b> <b>World Hepatitis Alliance Stigma and discrimination as barriers for the elimination of viral hepatitis in Europe</b> Open meeting Room: Escudo		
Time (CET)		Room: Patio		<b>Moderators and speakers</b>
8:30-10:00	PL4	<b>PLENARY SESSION 4: Self-testing and self-sampling to increase testing coverage</b> <b>Session objectives:</b> <ul style="list-style-type: none"> <li>• Present the current status on new testing technologies and implementation in Europe</li> <li>• Discuss lessons learned and implementation challenges and how to choose technologies for successful implementation</li> </ul>		<b>Moderators:</b> <b>Javier Gómez Castellá, Division for Control of HIV, STI, viral hepatitis and tuberculosis of the Ministry of Health, Spain and Tom Platteau, HIV/STI clinic of the Institute of Tropical Medicine in Antwerp, Belgium</b>
08:30-08:40		Short report from Day 1		Jürgen Rockstroh, HepHIV2023Conference Co-chair, HIV Outpatient Clinic, University of Bonn, Germany
08:40-08:55	PL4/01	Overview of self-testing/self-sampling devices and diagnostic technologies for HIV, STIs and viral Hepatitis		Irith De Baetselier, Antwerp Institute of Tropical Medicine, Belgium
08:55-09:10	PL4/02	Challenges and barriers for implementation of a self-testing and self-sampling approach: regulatory barriers, practical challenges, linkage to care and data protection in the European Region		John de Wit, Professor, Utrecht University
09:10-09:25	PL4/03	High acceptability and effectiveness of an online self-sampling intervention for HIV, hepatitis C virus and bacterial STIs addressed to gay, bisexual and other men who have sex with men and trans women in Spain (TESTATE)		Cristina Agusti, CEEISCAT-Agència de Salut Pública de Catalunya
09:25-10:00		Discussion		
10:00-10:30	<b>Coffee break and Poster Session – Hall Patio and Comendador</b>			
Time (CET)	Room: Patio		Room: Doblón	
10:30-12:15	AS3	<b>PARALLEL ABSTRACT DRIVEN SESSION 3:</b> <b>HCV Screening Among Key Populations</b> <b>Moderators: Jordi Casabona, Center for HIV/STI Epidemiological Studies of Catalonia (CEEISCAT), Spain and Rachel Halford, The Hepatitis C Trust</b>	AS4	<b>PARALLEL ABSTRACT DRIVEN SESSION 4:</b> <b>Self-testing Strategies and Factors Affecting Testing Patterns</b> <b>Moderators: Nikos Dedes, Positive Voice and Johanna Brännström, Clinic of Infectious Diseases and Gay men’s health (Venhälsan) at Södersjukhuset, Stockholm, Sweden</b>

10:30-10:45	AS3/01	<b>Risk factors for sexual HCV transmission in men-who-have-sex-with-men and behavioural trajectories 2019–21. Results from a case-control analysis nested within a multi-centre cohort study in Germany</b> <u>A Jeremias Schmidt</u> , London School of Hygiene and Tropical Medicine, United Kingdom	AS4/01	<b>Impact of the SARS-CoV-2 epidemic and wartime migration on the number of clients at testing sites in Poland</b> <u>A Szczepański</u> , Foundation for Social Education, Poland
10:45-11:00	AS3/02	<b>Making hepatitis C screening and treatment more accessible for people who use drugs and homeless people: A test and treat Mobile Unit in Catalonia</b> <u>M Portela</u> , Red Cross, Spain	AS4/02	<b>Piloting HIV self-testing strategies for sexual partners of MSM, female and transgender sex workers</b> <u>N Tsereteli</u> , Center for Information and Counseling on Reproductive Health – Tanadgoma, Georgia
11:00-11:15	AS3/03	<b>Hepatitis B and C screening and linkage to care in migrants from endemic countries in Barcelona through the implementation of the HepBCLink community action</b> <u>A Not Gari</u> , Microbiology Department, Laboratori Clínic Metropolitana Nord (LCMN), Hospital Universitari Germans Trias i Pujol. Germans Trias i Pujol Research Institute (IGTP), Badalona (Barcelona), Spain	AS4/03	<b>More than 95% return rate in a community-based HIV self-testing project in the Netherlands</b> <u>O Shobowale</u> , AIDS Healthcare Foundation, The Netherlands <b>(Pre-recording)</b>
11:15-11:30	AS3/04	<b>A low rate of individuals are screened for hepatitis C in primary care centers in Barcelona</b> <u>E Vargas Accarino</u> , Vall d'Hebron University Hospital Spain	AS4/04	<b>Self-sampling with oral rinse to detect oropharyngeal Neisseria gonorrhoeae among men who have sex with men (SSONG study): preliminary results</b> <u>T Vanbaelen</u> , Institute of Tropical Medicine, Belgium
11:30-11:45	AS3/05	<b>Increasing testing for HIV and hepatitis through European Testing Week – lessons learned from 10 years of a regional awareness campaign</b> <u>B Collins</u> , European Testing Week, United Kingdom	AS4/05	<b>Initial outcomes from 6150 orders from a national hepatitis C self-sampling service: a commissioned strategy to increasing Hepatitis C testing and treatment</b> <u>M Gillyon-Powell</u> , NHS England, United Kingdom
11:45-12:15		Discussion		Discussion
12:15-13:15	<b>Lunch – Hall Patio</b>			
<b>Time (CET)</b>		<b>Room: Patio</b>	<b>Moderators and speakers</b>	
13:15-14:45	PL5	<b>PLENARY SESSION 5 Emerging, intersecting and competing epidemics – challenges in responding to testing and linkage to care</b> <b>Session objectives:</b> <ul style="list-style-type: none"> <li>Characterize sustainable testing strategies in the context of public health emergencies including COVID-19.</li> <li>Discuss how lessons learned from HIV can be used to inform the implementation of diagnostic, preventive, and therapeutic interventions for other infections.</li> </ul>	<b>Moderators:</b> Stefan Baral, Johns Hopkins School of Public Health and Michel Kazatchkine, Senior advisor to WHO Europe	

13:15-13:40	PL5/01	Case Study: Mpox as a Community-Driven Syndemic Response	Demetre Daskalakis, Acting Director for the National Center for Immunization and Respiratory Diseases (NCIRD) at the Centers for Disease Control and Prevention (CDC) (by video)
13:40-13:55	PL5/02	Reliable diagnostic ability during an infectious emergency	Jens Lundgren, Professor, Director of CHIP, Rigshospitalet, University of Copenhagen
13:55-14:45		Panel Discussion	Demetre Daskalakis, Acting Director for the National Center for Immunization and Respiratory Diseases (NCIRD) at the Centers for Disease Control and Prevention (CDC) (online participation) Jens Lundgren, Professor, Director of CHIP, Rigshospitalet, University of Copenhagen Luis Mendão, Director of Advocacy, Health Policies at Grupo de Ativistas em Tratamento (GAT) Magdalena Ankiersztejn-Bartczak, European AIDS Treatment Group (EATG) Ricardo Fuertes, Advisor to the Secretary of State of Health Promotion, Portugal Stefan Schreck, Adviser for Stakeholder Relations, Directorate-General for Health and Food Safety (DG SANTE) Stela Bivol, Unit lead at WHO Regional Office for Europe
14:45-15:00		<b>Coffee break – Hall Patio</b>	
<b>Time (CET)</b>		<b>Room: Patio</b>	<b>Moderators and speakers</b>
15:00-16:15	CS	<b>CLOSING SESSION:</b> <b>Session objectives:</b> <ul style="list-style-type: none"> <li>Summarise the outcomes of the conference and present a draft call for action</li> <li>Present and discuss opportunities to keep testing and linkage to care on policy and implementation agendas at European and national levels</li> </ul>	<b>Moderators:</b> <b>Daniel Simões, HepHIV2023 Conference Co-chair, Coalition Plus/GAT, Portugal and Ann-Isabelle von Lingen, European AIDS Treatment Group</b>
15:00-15:15		Short report from Conference Day 2 and Best Poster Award	Jürgen Rockstroh, HepHIV2023 Conference Co-chair, HIV Outpatient Clinic, University of Bonn, Germany
15:15-15:30		Challenges and opportunities for tackling infectious diseases in the Eastern European Region – current status and prospects for the years ahead	Michel Kazatchkine, Senior advisor to WHO Europe
15:30-15:45		How do we keep testing and linkage to care for HIV and co-infections on the political agendas at national and European level	Ricardo Baptista Leite, President and Founder of UNITE Parliamentarians Network for Global Health

15:45-16:00		Feedback from the high-level HIV meeting Spanish Presidency of the European Union	Julia del Amo, Director of the HIV, STIs, viral hepatitis and tuberculosis Control Division, Ministry of Health, Spain Local conference co-chair.
16:00-16:15		Conference Call to Action and closing remarks	Daniel Simões, HepHIV2023 Conference Co-chair, Coalition Plus/GAT, Portugal

<b>Poster Category 1: Improving BBV Testing Strategies in Emergency Departments</b>		
PO1/01	Reassessing HIV Detection Strategies: An Analysis of Opportunistic Screening vs. Indicator-Condition-Driven Diagnosis in Valencia, Spain	A Carrodegua, FOCUS program, Government Affairs, Gilead Sciences
PO1/02	Blood-Borne Virus testing in European Emergency Departments: Current Evidence and Service Considerations	M Ruf, Public Health, Medical Affairs, Gilead Sciences Europe
PO1/03	Screening and Diagnosis of Hepatitis C Virus in Emergency Departments	JM Guardiola, Hospital de la Santa Creu i Sant Pau, Spain
PO1/04	Leveraging Emergency Department Visits for Hepatitis C Virus (HCV) Screening	E Martró, Hospital Universitari Germans Trias i Pujol, Institut d'Investigació Germans Trias i Pujol, Spain
PO1/05	Targeted screening for HIV infection in emergency departments. Two-year experience in 20 Catalan hospitals. VIHGILA Project	JM Guardiola, Hospital de la Santa Creu i Sant Pau, Spain
PO1/06	Hepatitis C virus screening strategies implemented in an emergency department and first results	A Suárez-Lledó Grande, Hospital Universitari de Bellvitge, Spain
<b>Poster Category 2: Combination Prevention: Optimizing Implementation of Testing and PrEP</b>		

PO2/01	“Don't Hurt Me, No More'. Unveiling Violence in Online Transactional Sex: A Study on Men (cis and trans), Trans Women, and Non-Binary People in France	M Salcedo, Aides, France
PO2/02	Community Based Organizations' Best Practices for HIV Comprehensive Prevention Services	J Garrido Fuentes, Apoyo Positivo, Spain
PO2/03	Identifying healthcare needs in users of community level screening centers for STIs in Madrid and Torremolinos in 2022	R Martínez Román, Apoyo Positivo, Spain
PO2/04	Choices@AZC: Prevention Services in Asylum Seekers Centers	J Farrell, Choices Support Center, The Netherlands
PO2/05	Delivering “U=U” Standardized Messages to PLWHA Accessing Services at the Baylor Clinical Center of Excellence in Constanta, Romania	S Florentina Mihale, Baylor Black Sea Foundation, Romania
PO2/06	Key learning on integrating chemsex services	G Azzi, ReShape, Spain
PO2/07	Can We Increase Perceived Vulnerability to Becoming HIV/HEP Infected Among Students in the General Population to Get Them Thinking about Testing?	A-M Schweitzer, Fundatia Baylor Marea Neagra, Romania
PO2/08	Awareness and use of pre-exposure prophylaxis for HIV infection among people who inject drugs and tested negative in six cities of Tajikistan, 2022	F Saydullaev, CDC Tajikistan, Tajikistan
<b>Poster Category 3: HCV Screening among Key Populations</b>		
PO3/02	Pilot study of a simplified HCV management algorithm in Opioid Agonist Treatment clinics in Ukraine	M Filippovych, Ukrainian Institute on Public Health Policy, Ukraine
PO3/03	Prospective evaluation of an outsourced consultation model specialized with educational intervention to reduce reinfection by the hepatitis C virus in a harm reduction center	M Galvez Mercader, Fundació de Recerca Clínic Barcelona-Institut

		d'Investigacions Biomèdiques August Pi Sunyer (FRCB-IDIBAPS), Spain
PO3/04	Current status of hepatitis delta in Andalusia: Multicenter study	M Casado Martin, University Hospital Torrecárdenas, Spain
PO3/06	On the road to HCV elimination: one step closer to WHO goal with linkage-to-care services in Croatian penalty institutions by Hepatos's mobile clinic named Mobile InfoHep Centre (MIHC)	T Reic, Croatian Society for the Liver Diseases "Hepatos", Croatia
PO3/07	Prevention, Diagnosis, Treatment and Monitoring of Hepatitis C (Liga Portuguesa Contra a SIDA)	S Melo Refoios, Liga Portuguesa Contra a SIDA, Portugal
PO3/08	A fast-track HIV and viral hepatitis screening service in Barcelona, Spain	A Carrodegua, FOCUS program, Government Affairs, Gilead Sciences
<b>Poster Category 4: Self-testing Strategies and Factors Affecting Testing Patterns</b>		
PO4/01	A self-sampling screening strategy addressed to asymptomatic or unrecognized monkeypox virus infection in gay, bisexual, and other men who have sex with men and trans women in Spain	C Agusti, CEEISCAT-Agència de Salut Pública de Catalunya, Spain
PO4/02	Assessment of HIV self-testing and self-sampling use and intention to use among COBATEST Network members	L Fernández-López, CEEISCAT, Spain
PO4/03	Results of HIV – Self Testing Pilot Program in an Environment with Structural Challenges: Youth in the General Population Show Satisfaction with the Physical Characteristics of Tests	S Florentina Mihale, Baylor Black Sea Foundation, Romania
<b>Poster Category 5: Epidemiology, Vaccination and Healthcare</b>		

PO5/01	HIV Epidemiology among Ukrainian Individuals Migrating to Denmark in 2022	M Wessman, Statens Serum Institut, Sweden
PO5/02	HIV criminalisation in the EU: a comparative 20-country report	N Tumanyan, AIDS Action Europe, Germany
PO5/03	HIV/HCV PROJECT: AWARENESS, EARLIER AND EASIER DIAGNOSIS OF HIV AND HCV INFECTIONS IN THE METROPOLITAN CITY OF TURIN	G Orofino, Divisione A di Malattie Infettive e Tropicali, Ospedale Amedeo di Savoia, Italy
PO5/04	Knowledge, attitude and practices about hepatitis B vaccination among people who inject drugs in Georgia	M Kajaia, Health Research Union, Georgia
PO5/05	Are men who have sex with men (MSM) living in Portugal being systematically vaccinated for hepatitis virus?	M Oliveira, GAT, Portugal
PO5/06	Digitally targeted testing for blood borne viruses: Systematic review and algorithm development (TARGET-ID)	W Leber, Wolfson Institute of Population Health, UK
PO5/07	Results of implementation of integrated rapid testing for HIV, hepatitis B and C and Syphilis on the base of healthcare facilities and community level in Ukraine	Y Kvasnevska, AHF Ukraine, Ukraine
<b>Poster Category 6: Community Leadership in Responding to Infectious Disease Threats</b>		
PO6/01	Legal and Policy Barriers to the Provision of Community-based HIV testing services in Europe and Central Asia	O Panochenko, Deutsche Aidshilfe, Germany
PO6/02	CORE - Community Response to End Inequalities	R Freitas, GAT, Portugal
PO6/03	Point of care screening activity for HIV and other STIs at a community center in Madrid and Torremolinos – 2022	R Martínez Román, Apoyo Positivo, Spain

PO6/04	Tailor-made community based services may be effective in reaching the most vulnerable MSM and transgender migrants with HIV and STI testing: Preliminary results of the Project Crossing Countries, Crossing Communities in three European countries	T Mouhebati, Soa Aids Netherlands, The Netherlands
PO6/06	The contribution of Liga Portuguesa Contra a SIDA (LPCS) to diagnosis and treatment of Tuberculosis in Lisboa, Loures and Odivelas	S Melo Refoios, Liga Portuguesa Contra a SIDA, Portugal
PO6/07	Spanish network for HIV testing in the community level (RedCoVIH). Data from 2022	A Martinez, Ministry of Health, Consumer Affairs and Social Welfare, Spain
PO6/08	Where do women get tested more often for HIV, HCV and syphilis in Warsaw at the stationary checkpoints or at the socio-cultural event?	M Ankiersztej-Bartczak, Foundation for Social Education, Poland
